Applications are invited for the following full-time position in the Saw Swee Hock School of Public Health:

**Research Fellow/Associate for UHS-SSHSPH Integrated Research Program (USIRP) to inform policy in Cambodia**

The Saw Swee Hock School of Public Health (SSHSPH) at the National University of Singapore (NUS) is recruiting a full time experienced Research Fellow/Associate for a multi-disciplinary public health research programme.

The position will be based at the University of Health Sciences, Phnom Penh, Cambodia.

**Job scope:**

- Responsible for planning and running observational/interventional studies including drafting protocols, applying for ethical approval, hiring and monitoring of field staff and managing data collection
- Leading the management and analysis of quantitative data with input from other investigators based in Singapore
- Contributing to developing a model to help policy makers decide on resource allocation between different public health control interventions
- Conducting literature reviews and assisting in writing and preparing grant proposals
- Writing manuscripts and taking charge of manuscript submission process
- Monitoring of project goals and budget as well as preparing reports for funders/stakeholders

**Requirements:**

- PhD or Masters in public health, or a related field involving quantitative research, with some additional basic knowledge of qualitative research methods
- Minimum 1 year of experience in conducting independent field-based research in low-income countries
- Track record of setting up studies and building collaborations
- Excellent skills in written and oral/presentation in English
- Ability to liaise effectively with different stakeholders, including government ministerial level
- Proficient in Microsoft Office and data management/analysis software (eg: R or STATA)

**The following knowledge and experience would be advantageous:**

- Knowledge of public health and/or infectious disease control programmes
- Experience of publishing in peer-reviewed international journals
- Knowledge in health economics
- Previous experience working in Cambodia or regional setting
- Ability to understand the political context of the project
The grade of appointment will be accorded based on candidate’s academic qualifications and years of relevant experience.

Applicants should send the following documents by email to Ms Zunairah Binti Lukman at ephzun@nus.edu.sg by 15 Feb 2018:

a. Cover letter highlighting career goals and relevant experience
b. Curriculum Vitae, containing details of three named referees
c. A complete NUS Personal Data Consent for Job Applicants (form is available at NUS Personal Data Consent for Job Applicants)

Please note that only shortlisted candidates will be contacted.
